## PROJECTS

### Blogging Website (05/2021 - Present)

- It's a full-featured website with blogs and news.

### Inbound Call Automation (AARI) (04/2021)

- This bot will handle a client's data by verifying his identity and determining what changes he wants to make.

### RPA (Admission Process) (03/2021)

- It is a automatic bot which can make admission process faster and efficient.

### Virtual Voice Assistant (01/2021 - 02/2021)

- This application may execute a variety of tasks when given instructions; it functions similarly to a virtual assistant in the virtual world.

### Portfolio (08/2020 - Present)

- This page includes information about my projects as well as my personal information.

### Parking Management System (09/2019 - 11/2019)

- Manages Traffic in parking and books a slot for customer for parking their vehicle.

### Web Development (03/2019 - 04/2019)

- Front End web development for restaurant

## PROFESSIONAL DETAIL

### Lovely Professional University (07/2018 - Present)

Student

## CERTIFICATES

### Front-End Web UI Frameworks and Tools (07/2021)

### Comptia Linux+ (05/2020 - 05/2021)

### Produt Analytics (09/2019)

### Cyber Security (02/2019)

## ACHIEVEMENTS

### AI Smart Assistant (12/2020 - Present)

In everyday life, though, it performs a range of tasks. This show was created simply for the purpose of entertainment.

### Web Development (08/2020 - Present)

I created a website that contains information about my current and past works, as well as my contact information.

### Volunteered in NGO (06/2019 - 07/2019)

JGSEVS(REWA) was where I worked . They approach people to make clean environment. They work as part of the Swachh Bharat Abhiyan programme.
